V. Questions & Comments

What is fair share? Fair share is the amount of money that each student's family is responsible for contributing each year for the operating of the band. Each year it costs about \$80,000.00 to operate the band and participate in competitions. The band boosters have set up many fund raising opportunities for every students' family to help pay off the fair share without having to spend their own money.

We discussed the possibility of having corporate sponsorships on the Bulldog Truck and or building a large Dog House for the front lawn of the school to display corporate sponsors. This could be a huge money maker for the Band and a way to reduce fair share costs.

Meeting Adjourned at 7:45pm. Next meeting July 23,2010 at 6:00pm.
